Washington Attorney Calli Hisey threatens BankruptReport.com and files order of protection against suspected owner, using false statements to police, and files a complaint to the BBB using false statements and slanderous claims of illegality.

In response to Ms. Hisey's abusive, menacing, strong-arm tactics, defamatory actions, threats and general attacks on our operations, the website [www.CalliHisey.com](http://www.CalliHisey.com) (<http://www.CalliHisey.com>) was created.

This article contains public and factual information only about Attorney Calli Hisey.

Calli Hisey formerly with Joshua J. Bean PLLC [www.joshuabeanlaw.com](http://www.joshuabeanlaw.com) (<http://www.joshuabeanlaw.com>)

Ms. Hisey is attempting to quash our rights. Specifically [bankruptreport.com](http://www.bankruptreport.com). She publicly attacks and deems us "illegal" and cites any response to that attack as a threat to her personal safety.

[www.bankruptreport.com](http://www.bankruptreport.com) (<http://www.bankruptreport.com>) publishes bankruptcies, over 11 million currently. Calli Hisey threatened our operations with a false complaint to the BBB claiming the website is "illegal".

Without question, Ms. Hisey abuses her law license by attempting to strong-arm individuals and businesses into some sort of action she finds personally favorable, threatening them that she's an attorney and she will file "class action suits".

Ms. Hisey insists she will "be investigating" us, but she will find no law prohibiting our publication nor forcing it's alteration.

Ms. Hisey remains confused about what constitutes private data and what constitutes public data, as well as the authority (or lack of) that accompanies a law license in the state of Washington.

InnovativeDataSearch (<http://innovativedatasearch.com>), the publisher of BankruptReport.com, reserves the right to publish public data.. Such as Ms. Hisey's arrest in 2015 for public urination/ defecate, in Scottsdale, AZ.

Public streets aren't the only thing Ms. Hisey "pisses" on. She also "pisses" on ethics, here is an example:

Ms. Hisey knowingly filed a false police report so she could request an unwarranted order of protection. This can be proven with our computer records based on the claims made associated to the content of email messages. Then Ms. Hisey continues to contact our business operations, and specifically the entity named as the subject of the order, frequently and abrasively.

Here is a brief summary:

1. Ms. Hisey demands alteration of our intellectual property. Informs us she will seek legal action in the form of a class-action suit if we do not comply.
2. We send a summary of our standard rights and protocol as stated on our website, as well as kindly and professionally informing her of our legal status, going so far as to specifically note that our operations have been vetted by 20 or more state Attorney's General.
3. Ms. Hisey ignores the information and again demands alteration of our site, also informs us that we have "10 days" to comply or she will instigate legal action against us in the form of a class-action suit, and that in the interim she will be investigating the status of our legality.
4. We inform her kindly that we have no intention of altering our database and she does not have to wait "10 days" to take action.
5. Ms. Hisey writes back demanding answers to a list of questions.
6. We respond that it is [None of her business].
7. Ms. Hisey submits a knowingly fabricated, erroneous falsified complaint to a public forum with the intent of damaging our reputation, even though she was never a client of Innovative Data Search, never contacted Innovative Data Search or it's subsidiary's as a consumer, nor did Innovative Data Search or it's subsidiary's solicit her in any capacity at any time.
8. Ms. Hisey makes accusations of "scam", "extortion" and "illegal" in this public form. We create a website about her. [www.callihisey.com](http://www.callihisey.com) (InnovativeDataSearch is in the process of a libel suit against Ms. Hisey for said public report).
9. We write Ms. Hisey a relatively kind response where we refer to her as "baby" and inform her that we are responding to this by filing a complaint to the appropriate legal association regarding her conduct.
10. Ms. Hisey makes a highly erroneous police report in order to secure an order of protection.
11. Ms. Hisey writes asking us not to write and that she is scared and confused.
12. Ms. Hisey writes and requests us to respond.
13. We write her explaining that after her previous request to stop writing her, we would only communicate if she agreed to common sense arrangement that we have her permission to converse, or at least respond to her communications.
14. The temporary order of protection is served. No more transmissions from IDS. We have not contacted her since in any capacity. The formal order status is never resolved or served. Ms. Hisey is abusing the police and courts as well as her law license.
15. Ms. Hisey continues to contact us on a frequent basis even though we do not respond.

Any applicable entity with knowledge of these facts should consider immediate disciplinary action.

Calli Hisey, an attorney. [www.callihiseylawoffices.com/](http://www.callihiseylawoffices.com/) She is attempting to quash the rights of an aggregate data business to publish public records. Not in a court case, no just for her own personal power-trip. She publicly attacks and pronounces an entity "illegal" based on her position as an attorney, then cites any response to that proclamation a threat to her personal safety.

Then goes on to file a complaint to with the BBB which includes gross false statements and libelous claims of illegality, and again, makes additional false claims and accusations associated with the legitimate, legal and ethical response.

A libel case against Ms. Hisey for knowingly publishing damaging statements within a public forum will proceed. Making false accusations such as "illegal", "scam", and "extortion" is a textbook example of defamation via [libel](#). Here is a screenshot of the libelous report, in which Ms. Hisey flat-out claims extortion, which she is painfully aware is a ridiculous defamatory claim:

In Our Opinion, Calli Hisey abuses her license to practice law by attempting to strong-arm individuals and businesses into some sort of action she finds personally favorable.

### First she threatens and claims the activity is illegal.

Calli Hisey, Attorney, claims that publishing public records is "illegal". Ms. Hisey is attempting to force us to alter our publication and remove at least two filed bankruptcies of public record utilizing threats and strong-arm tactics citing her legal prowess as an attorney. Documents below.

When respectfully responded to, Ms. Hisey continued to threaten legal action and went on to make accusations of "extortion", "scam" and "illegal" in a public forum.

When that fails, she pleads for a response then when responded to, again, in a respectful and ethical manner, Ms. Hisey attacks the response and files an order of protection and as if she's in some sort of danger. Another blatant abuse of the [Washington State Bar Association](#).

The entire message thread available here. Calli Hisey's presentation for the order of protection request is embellished and contains untruthful, non-factual, misrepresented events. We offer the entire message thread here:

Ms. Hisey then goes on to file an knowingly false, erroneous and slanderous report with the BBB, as well as files an erroneous and LAUGHABLE order of protection against who she believes to be the owner of the business she is attempting to unrightfully quash!

This not only constitutes abuse of WA Law License, but clearly constitutes libel. She is deliberately using the influence of her license to influence and persuade specific and general entities that criminal activity is being perpetrated when in fact she has no evidence of such and is aware that none exists.

### ***In our opinion Calli Hisey is OUT OF CONTROL with the abuse of her law license!***

Calli Hisey Attorney; stepping in with authority she does not possess and condemnation and accusations that do not apply. Prolific abuse by this young, bankrupt, public-urinating attorney.

This date: 01-05-2017, 12:48

1 A. Describe the most recent incident of harassment or stalking.

2 Date and time (on or around): December 16, 2016 through present.

3 Location: Clark County, WA.

4 What did the respondent do or say that you believe to be harassing or stalking behavior?

5 On December 16, 2016 I emailed the creators of the website www.bankruptreport.com  
6 and asked to be removed from the website. A day later I received a response with a bunch of  
7 legal jargon from Innovative Data Search, owned by Respondent. Innovative Data Search owns  
8 www.bankruptreport.com. I responded indicating my position that the website is not legal.  
9 Thereafter, a slew of threatening emails began to crowd my inbox. Respondent threatened my  
10 law licenses and created the website: www.callihisey.com defaming me. He then sent me  
11 another email after I asked him to stop emailing me, committing extortion. He said he would  
12 "discuss" removing the website if I essentially waived my legal rights to file a claim against him.  
13 The website is now showing up in my Google search results. I reported him to the Better  
14 Business Bureau on December 30, 2016. Shortly thereafter, I received two (2) more threatening  
15 emails in retaliation for my report to the BBB. I have not responded to any of these emails, nor  
16 have I requested he take down the website again because I am actually afraid of him and what he  
17 will do next. His threatening emails have made me paranoid to the point where I don't even feel  
18 safe in my apartment. I can't sleep because I am so worried about what the website will do to  
19 my professional reputation, and I am worried all day long. The website literally never leaves my  
20 mind, and his actions have really scared me.

21 How did the respondent make these statements? E-mail and website.

22 B. Describe other incidents of harassment or stalking. For each incident, include the date, time  
23 (on or about), location, what was said, how statements were made, and what was done to a  
24 victim.

25 See emails attached.

6. How did the incidents you describe above make you, the minor, or the vulnerable adult feel?

7 I am worried about my safety most of all. I do not feel Respondent is mentally sound,  
8 nor is he safe. It seems he will stop at nothing. He is threatening me and attempting to ruin my  
9 career. I am constantly worried about my reputation in the legal community because of the  
10 website he has created defaming me to the point where I cannot sleep at night, or focus on my  
11 daily life.

7. Has the respondent used, displayed, or threatened to use a firearm or other dangerous weapon  
in a felony? Please describe:

No.

This document certified by K. Brusseau, Deputy Clerk

8. Has the respondent previously committed an offense that makes him or her ineligible to possess a firearm under the provisions of RCW 9.41.040? Please describe:

I don't know.

9. Does possession of a firearm or other dangerous weapon by the respondent present a serious and imminent threat to public health or safety, or to the health or safety of a victim? Please describe:

Yes. I am afraid of this person.

10. Do you have any evidence of the harassment or stalking conduct other than testimony?  
 Yes. I have attached the following evidence:

Copy of emailed messages

Screenshots of Google search results

Screenshots of website www.callihisey.com

Police Reports to Vancouver Police Department

11. Has/have the **victim/s or the respondent** ever requested or obtained protection from the other person in a restraining order, civil protection order, or criminal no-contact order?  
 If yes, list the type of order, the name of the court and the approximate date, and whether the request was granted:

No.

12. Is there any other litigation between the victim/s and the respondent? This includes all matters - pending or past - such as parenting plans, landlord-tenant disputes, employment disputes, or property disputes. If yes, provide case number/s if known, type of case, and name of court:

No.

➤ **Requests**

13. I ask the Court for an order approving the following requests for protection:

I Request an **Order for Protection** following a hearing that will:

☒ **No-Contact:** restrain the respondent from making any attempts or having any contact, including nonphysical contact, with the person/s to be protected, directly, indirectly, or through third parties regardless of whether those third parties know of the order, except for mailing of court documents.

☒ **Surveillance:** prohibit or restrain the respondent from making any attempt to keep or from keeping the person/s to be protected under surveillance, including electronic surveillance.

**Emergency temporary protection (up to 14 days) until the court hearing:**

- ☒ An emergency exists as described below. I request that a **Temporary Protection Order** granting the relief I requested above for a no-contact, surveillance, exclude from places, or stay away order be issued immediately, without prior notice to the respondent, to be effective until the hearing.
- ☐ I also request a temporary surrender of a firearm or other dangerous weapon without notice to the other party because irreparable injury could result if an order is not issued until the hearing.

What irreparable harm would result if an order is not issued immediately without prior notice to the respondent?

I am an attorney and my reputation is central to my career. The information on the website www.callihisey.com is defamatory and will immediately harm my reputation if clients, employers, the public or peers see it in my search results. Once my reputation is harmed there is nothing I can do to rehabilitate myself. That inhibits my ability to maintain a job and gain clientele, not to mention the effect it has on me in the legal community.

I certify under penalty of perjury under the laws of the state of Washington that the foregoing is true and correct.

Hi Calli,

I don't much care for your insinuations. We are filing a formal complaint to the Washington State Bar Association (<http://www.wsba.org/>) concerning citing your license status in abusive threatening correspondence.

I have also registered the domain URL: CalliHisey.com to publish the correspondence and materials associated with your accusations and attempt to belittle, degrade, threaten and quash our operations, as well as our subsequent complaint to the bar.

We do not take your abusive comments, threats and connotations lightly and will respond with full legal force. Sue us and we will counter-sue you into oblivion.

We will be happy to publish publicly this very attempt you are making to undermine our business operations.

For maintaining a law degree it's amazing how little you understand about the First Amendment or "extortion".

A couple of questions since you are being so responsive:

- 1) What is the purpose of your website?
- 2) Do you receive any financial benefit from your website?
- 3) What is your affiliation to online reputation management companies? Explain.
- 4) Do you receive or remit any financial compensation from or to online reputation management companies? Explain.
- 5) Do you understand the legal concept of Negligent Infliction of Emotional Distress?
- 6) Do you understand that extortion is a federal crime?

Thank you for your prompt replies. It really is refreshing that your company has time to so efficiently respond to complaints, adamantly refusing liability. Have a nice day.

Calli,

With all due respect, we have been vetted by half of the United States Attorney's General.

Your perception of our service is based in ignorance and clouded by personal interest. The verbiage you used is offensive and will not achieve your goal of 'scaring' us into acting on your request. We are well aware of our rights.

You are entitled to your opinion, however there is nothing wrong with our database legally *or* ethically, and you have not altered our position on that.

Challenging a publisher on the First Amendment is rarely going to achieve your goal, especially if that goal entails "unpublication".

You may forgo the "10 days" cited in your correspondence, as we will not be acquiescing to your request.

Hi Calli,

I don't much care for your insinuations. We are filing a formal complaint to the Washington State Bar Association (<http://www.wsba.org/>) concerning citing your license status in abusive threatening correspondence.

I have also registered the domain URL: CalliHisey.com to publish the correspondence and materials associated with your accusations and attempt to belittle, degrade, threaten and quash our operations, as well as our subsequent complaint to the bar.

We do not take your abusive comments, threats and connotations lightly and will respond with full legal force. Sue us and we will counter-sue you into oblivion.

We will be happy to publish publicly this very attempt you are making to undermine our business operations.

Calli,

With all due respect, we have been vetted by half of the United States Attorney's General.

Your perception of our service is based in ignorance and clouded by personal interest. The verbiage you used is offensive and will not achieve your goal of 'scaring' us into acting on your request. We are well aware of our rights.

You are entitled to your opinion, however there is nothing wrong with our database legally or ethically, and you have not altered our position on that.

Challenging a publisher on the First Amendment is rarely going to achieve your goal, especially if that goal entails "unpublication".

You may forgo the "10 days" cited in your correspondence, as we will not be acquiescing to your request.

Ms. Hisey,

You have requested that we discontinue writing. We have and will respect that request, and are only writing this now as a response to an additional email inquiry from you delivered after that request. The records will confirm that we have only responded to your inquiries (or threats), and in no way have we attempted to contact you outside the context of responding to your transmissions.

If you would like to discuss the matter, I will need your explicit permission to write to you, or at the very least respond to your inquiries, and your confirmation that you concur that we have contacted you only in this specific capacity, as well as a full retraction your request to stop receiving communications from us, and lastly, your explicit affirmation that you are not 'scared' for your physical well being in any capacity in association with our correspondence or any of our websites or databases.

We are willing to possibly discuss the matter, but will not take any action based on correspondence received in what you have by request reduced to a unidirectional conversation.

Please note, that response time may be slow over the holiday.

## Calli Hisey Attorney at Law Washington State

Calli is an attorney in Southwest Washington State. She uses her law degree to try to threaten and quash public information about herself. She is a licensed attorney with Joshua J. Bean PLLC

Here is one of emails from Calli Hisey Attorney:

A couple of questions since you are being so responsive.

- 1) What is the purpose of your website?
  - 2) Do you receive any financial benefits from your website?
  - 3) What is your affiliation to online reputation management companies? Explain.
  - 4) Do you receive or merit any financial compensation from or to online reputation management companies? Explain.
  - 5) Do you understand the legal concepts of Negligent Infliction or Emotional Distress?
  - 6) Do you understand that extortion is a federal crime?
- Thank you for your prompt replies. It really is refreshing that your company has time to so efficiently respond to complaints, adamantly refusing liability. Have a nice day.

*Sounds like a threat to us.*

Calli believes that she can bully and strong-arm a publication into removing her public information, specifically a bankruptcy.

the creators of this site are filing a formal complaint to the Washington State Bar Association (<http://www.wsba.org/>) concerning citing Calli Hissey's license status in abusive threatening correspondence.

#### Response from Calli:

This has spiraled out of control, and is actually beginning to frighten me. Please stop emailing me. I simply asked you to remove my name from your website.

#### (Classic retreat response with more accusation laced insinuation).

1. We will be happy to stop replying to her correspondence as soon as she stops threatening our business operations and insinuating criminal activity.
2. She did not [simply ask us to remove her name]. She made threats, accusations and insinuations about our operation, as well as referencing her law license as if she had special authority or privileges.
3. The only thing [spiraling out of control] is the abuse of her law license and grip on this

**Narrative**

The perpetrator's name is Kelly Ellis. I do not know him. Mr. Ellis owns and operates the company Innovative Data Search. Innovative Data Search owns the company and website: [www.bankruptreport.com](http://www.bankruptreport.com).

On December 16, 2016 I sent [www.bankruptreport.com](http://www.bankruptreport.com) an email asking to be removed from their website. In return I got several threatening emails. He specifically said: "this may not turn out the way you think, I would tread lightly if I were you...don't threaten me baby, or I will ...turn the tables right back at you." After receiving this message I became very scared for my physical safety, to the point where I would not leave my apartment. I asked him to stop emailing me, yet he continued to do so.

On December 20, 2016 he created the website: [www.callihisey.com](http://www.callihisey.com) which contains several defamatory statements about me and my position as a lawyer in the community. He also has disclosed my address and part of my social security number. I asked him to take down the website and told him he was frightening me. In return he sent me an email committing extortion or in the least blackmail. He said that he would "discuss" removing the website if I gave up all of my legal rights to a claim against him. I did not respond. The website is appearing in my Google search results, damaging my reputation every minute.

**Incident Description**

My reputation is my entire career. Mr. Ellis is aware of that and is maliciously and willfully using my reputation to force me to not pursue legal action when I otherwise would. He is also using it to control me into not reporting him to the police for his criminal behavior. I worry he may learn where I live and do something to me.

He needs to take the website down immediately. I would also like a restraining order,

restraining him from harassing me, posting about me online, contacting me or coming near me in any way.

I have attached the emails. If you need more from me, please give me a call. I would be happy to aid in the investigation.

### Narrative

#### Incident Description

I have asked the perpetrator to stop emailing me. He has committed extortion in creating a website defaming my name and refusing to take it down unless I give up a property interest I have in a legal claim against him. I reported him to the Better Business Bureau and he began emailing me threatening emails again last night. This is causing me great distress, I can't focus at work and at night I am scared of every noise I hear. This is harassment and it's really scaring me.
